

Energy Efficiency  
**R.E.B.A.T.E.S**

*for Homes, Businesses  
and Multifamily Dwellings*

[www.pge.com/rebates](http://www.pge.com/rebates)

## HOW TO APPLY

- 1. Read** the Terms and Conditions included in this application.
- 2. Locate and Read** the specifications for the specific product(s) for which you are applying. Product specifications are listed in the applicable catalog and will indicate all product eligibility requirements.
- 3. Order/Purchase and Install** qualifying product(s) between January 1, 2006 and December 31, 2008. These dates may change if funds are depleted sooner. Qualifying products must be installed before submitting your application and the application should be returned within 90 days of purchase date. All applications must be postmarked by December 31, 2008 to be considered eligible.
- 4. Complete the following forms available in this Application:**
  - A.** Read, complete and sign the "Customer Information Form". Be sure to include ALL required customer information including "Account Information", "Property Occupied By", and "Property Type".
  - B.** "Rebate Product Worksheet". Be sure to include all required information including: Service ID#, product information which includes product code, manufacturer, model number, unit of measure, number of units, rebate per unit and total rebate amount. Business applicants must include Service ID# for the location of each product.
  - C.** And, in addition to the above forms, Multifamily property owners **MUST** complete the Reservation Form found in the Multifamily Energy Efficiency Catalog.
  - D.** New Construction applicants must apply using the Customized Incentive application found on [www.pge.com/newhomes](http://www.pge.com/newhomes)
- 5. Sign the following:**
  - A.** The bottom of the "Customer Information Form", accepting the Terms and Conditions. This signature is required and must be in INK.
  - B.** In addition, when the rebate is to be paid to a party other than the Customer of Record as provided on the PG&E bill, the "Payment Release Authorization" section of the customer information form **MUST** be signed in INK.
- 6. Make and keep a Copy** of all completed application forms and all required documentation, such as receipts, and Home Improvement Contracts for your records. Submitted applications will become the property of PG&E.
- 7. Mail** the completed forms and other required documentation with Proofs of Purchase to:  
**Pacific Gas and Electric Company  
Integrated Processing Center  
Energy Efficiency Rebates - MM  
P.O. Box 7265  
San Francisco, CA 94120-7265**

*Product offerings and rebate amounts are subject to change during the program term.*

## **PROOF OF PURCHASE REQUIREMENTS**

Proof of purchase and other documentation required to process your rebate application may differ depending on who completes the installation – you or your contractor.

All products must be installed prior to submitting your completed and signed “Customer Information Form” and “Rebate Products Worksheet” included in this application. Multifamily participants must first complete a Reservation Form and submit for approval prior to purchase and installation of products. For further information about multifamily product offerings, refer to the Multifamily Energy Efficiency Rebates Catalog.

The product order/purchase and install dates determine product eligibility and all of these dates must be between January 1, 2006 and December 31, 2008. All applications must be postmarked by December 31, 2008.

### **1. Home Improvement Contract (HIC)**

**A.** The California State License Board (CSLB) requires that licensed contractors must provide you with an HIC if the materials and labor total for the product(s) and installation is \$500 or more. It is recommended that you request an HIC from your contractor even if the contractor product and installation costs are less than \$500.

**B.** If an HIC is your proof of purchase it must be given to you by your contractor and must be signed and dated by both you and your licensed contractor.

**C.** If the signatures are not dated, the date that the HIC was written will determine the product order/purchase date.

### **2. Retail Product Receipt/Invoice**

**Proof of purchase and supporting documentation should be submitted within 90 days of purchase date and must include all of the following information:**

**A.** Retailer/Contractor name, address, and phone number,

**B.** Itemized listing of each product including quantity, product description, manufacturer, model number, or other identifying information i.e. SKU# as appropriate,

**C.** Purchase price per product,

**D.** Date “Paid in Full” or payment terms, and

**E.** Product installation date.

**Read the product specifications included in the appropriate catalog to make sure all requirements are met.**

**For additional information on Home Improvement Contracts or the status of your contractor’s license, visit [www.cslb.ca.gov](http://www.cslb.ca.gov) or call the Contractors State License Board at 1-800-321-CSLB**

**SUBMIT THIS PAGE FOR REBATE PROCESSING.**

**IF THE PAYEE IS A BUSINESS, PLEASE PROVIDE THE FOLLOWING INFORMATION:**

**Tax Status:**  Corporation  Partnership  Individual/Sole Proprietor  Exempt (Tax exempt, non-profit)  
**Tax ID number:**  EIN  Federal Tax ID  SSN \_\_\_\_\_  
**Tax Liability:** Rebates are taxable if greater than \$600 for business customers, and will be reported to the IRS unless you are exempt. Pacific Gas and Electric Company will report your rebate as income to you on the IRS Form 1099 unless you have checked corporation or exempt tax status above. You are urged to consult your tax advisor concerning the taxability of rebates. Pacific Gas and Electric Company is not responsible for any taxes that may be imposed on your business as a result of receipt of this rebate.

**TERMS AND CONDITIONS: READ, SIGN, AND DATE BELOW**

- To be eligible for a rebate I understand that I must be a customer of Pacific Gas and Electric Company (PG&E) with an active meter serviced by PG&E. I understand that if I am installing products at more than one residence or facility, I must identify each individual address and Service ID# on the "Rebate Product Worksheet". All uses herein of the words "install", "installation", or similar phrases shall mean complete installation such that the subject products are fully functional and operational.
- I understand the program term is January 1, 2006 through December 31, 2008 or sooner if allocated funds are depleted. New products that are ordered, purchased and installed prior to January 1, 2006 or after December 31, 2008 do not qualify for a rebate. Program offerings and rebate amounts may change during the program term. Resale products, products leased, rebuilt, rented, received from warranty or insurance claims, exchanged, won as a prize, or new parts installed in existing products do not qualify. The program may be modified or terminated without prior notice.
- I understand that this signed and dated "Customer Information Form", completed "Rebate Product Worksheet" incorporated herein by this reference, all appropriate proof(s) of purchase, and other required documentation as referenced in this application must be sent to PG&E's Integrated Processing Center (IPC) postmarked by December 31, 2008 to be considered eligible for payment of a rebate. A rebate check for qualifying product(s) is generally mailed 6 to 8 weeks after PG&E receives and approves a completed application including all required documentation unless an application is selected for a verification, which may add additional time. An incomplete application cannot be processed for payment.
- I will allow, if requested, a representative from PG&E, the California Public Utilities Commission (CPUC), or any authorized third party reasonable access to my property to verify the installed product I have purchased before a rebate is paid. I understand that a rebate will not be paid if I refuse to participate in any required verification. The verification of installation must be scheduled within 30 days of customer contact by PG&E. I understand that PG&E may contact the qualifying product vendor and/or installer, if needed, to verify purchase and/or installation and may provide my name and/or address to complete this verification.
- I have installed a qualifying product(s) and understand that the energy-efficiency eligibility requirements for each stated product (as defined in the Catalog) determines the rebate amount. The rebate amount cannot exceed the purchase price.
- I understand that I cannot receive a rebate for the same product or equipment from more than one California investor-owned utility or third party energy efficiency program offering rebates, financing or other rebates funded with CPUC Public Goods Charge funds.
- THE UTILITY MAKES NO REPRESENTATION OR WARRANTY, AND ASSUMES NO LIABILITY WITH RESPECT TO QUALITY, SAFETY, PERFORMANCE, OR OTHER ASPECT OF ANY DESIGN, SYSTEM OR APPLIANCE INSTALLED PURSUANT TO THIS AGREEMENT, AND EXPRESSLY DISCLAIMS ANY SUCH REPRESENTATION, WARRANTY OR LIABILITY. I AGREE TO INDEMNIFY PACIFIC GAS & ELECTRIC COMPANY, ITS AFFILIATES, SUBSIDIARIES, PARENT COMPANY, OFFICERS, DIRECTORS, AGENTS, AND EMPLOYEES AGAINST ALL LOSS, DAMAGE, EXPENSE, FEES, COSTS AND LIABILITY ARISING FROM ANY MEASURES INSTALLED.
- If a tenant, I am responsible for obtaining the property owner's permission to install the measure for which I am applying for a rebate payment. My signature on this application indicates I have obtained this permission.

I HAVE READ AND UNDERSTAND THE TERMS AND CONDITIONS ABOVE. I CERTIFY THAT THE INFORMATION I HAVE PROVIDED IS TRUE AND CORRECT AND THE PRODUCT(S) AND/OR EQUIPMENT(S) FOR WHICH I AM REQUESTING A REBATE MEETS THE REQUIREMENTS IN THIS APPLICATION.

# REBATE PRODUCT WORKSHEET

## SINGLE FAMILY, MOBILE HOME, APARTMENT/CONDOMINIUM CUSTOMERS:

If you are a Residential customer living in a Home, Mobile Home, or Apartment/Condominium, you may qualify for a residential rebate. Please locate the appropriate product in the catalog titled Energy Efficiency Rebates for Your Home. Enter the appropriate Product Code, Manufacturer, Model #, Installation Date, Number of Units, Rebate per Unit, and Rebate Total in the Rebate Product Worksheet below. Read the product specifications carefully before proceeding with your purchase. Please check the appropriate property type and building vintage at the bottom of this sheet. For more information, call the Smarter Energy Line at (800) 933-9555 or visit [www.pge.com/res/rebates](http://www.pge.com/res/rebates).

## MULTIFAMILY OWNERS AND PROPERTY MANAGERS:

**A reservation is required for all multifamily rebates.**

If you are an apartment or condominium complex owner, mobile home park property owner, or property manager (as authorized for property owners), of existing residential multifamily complexes of 2 or more dwelling units, you

may qualify for a rebate for installing energy efficiency products in existing apartment dwellings and common areas of apartment and condominium complexes or mobile home parks. You can find qualifying products in the Energy Efficiency Rebates for Multifamily Properties Catalog. Please read the specifications carefully before proceeding. For more information, call the Smarter Energy Line at (800) 933-9555 or visit [www.pge.com/multifamily](http://www.pge.com/multifamily).

## COMMERCIAL BUILDING OWNERS AND BUSINESSES:

If you are a commercial property owner or operate a business, you may qualify for rebates found in the Energy Efficiency Rebates for Your Business Catalog. Using the Rebate Product Worksheet below, enter the Gas or Electric Service ID# found on your utility bill (for each appropriate rebate request), Product Code, Manufacturer, Model #, Install Date, Unit Measure, Number of Units, Rebate per Unit, and Rebate Total. Read the product specifications carefully before proceeding with your purchase. Please check the appropriate property type and building vintage at the bottom of this sheet. For more information, call the Business Customer Center at (800) 468-4743 or visit [www.pge.com/biz/rebates](http://www.pge.com/biz/rebates).

**Please complete all the information requested on this form. It is essential for speedy processing and inspection purposes.**

**Please refer to your PG&E bill for your Service ID #, the technology catalog(s) for Product Code, Unit Measure and Rebate Per Unit and your invoice/receipt for Manufacturer and Model #.**

Energy Efficiency Rebates for Your Home

c.a.t.a.l.o.g

APPLIANCES AND GENERAL IMPROVEMENTS

Carefully read the specifications below to determine that you are installing a qualifying product(s).

ATTIC INSULATION

Must have space heating or cooling source using natural gas or electricity distributed to the installation address by PG&E. All materials must be new. Follow manufacturer's installation requirements. Materials must meet or exceed all applicable local, state and federal standards. Attic insulation is eligible for a rebate only if the pre-retrofit insulation level is R-11 or less, if installed between conditioned living area and unconditioned area. Garages and other non-living areas do not qualify. The final insulation level must be at least R-30 unless a higher level is specified by local jurisdiction. Attic insulation is feasible only when the attic crawl space is adequate. At the high roof peak, clearance between the bottom of the roof rafters and the top of the ceiling joists must be at least 24 inches. If there is less the 24" of attic clearance before new insulation is installed, the final insulation level must be R-19. If purchasing insulation, remember that your rebate is based on the amount of insulation actually installed.

Product Code Rebate/Unit Measure
B11 Attic Insulation .....\$0.15/Square Foot

WALL INSULATION

Must have space heating or cooling source using natural gas or electricity distributed to the installation address by PG&E. All materials must be new. Follow manufacturer's installation requirements. Materials must meet or exceed all applicable local, state and federal standards. Wall insulation is eligible for a rebate as long as existing walls are uninsulated and are between conditioned living area and unconditioned area. Garages and other non-living area do not qualify. Installed insulation must achieve a minimum of R-13.

Product Code Rebate/Unit Measure
B25 Wall Insulation .....\$0.15/Square Foot

HIGH EFFICIENCY CLOTHES WASHERS

Must have either natural gas or electricity distributed to the installation address by PG&E. Level 1 Rebate, qualifying clothes washers must have a Modified Energy Factor\* (MEF) of 1.60 to 1.79 and a Water Factor \*\* (WF) of 8.5 or less. Not all ENERGY STAR clothes washers qualify for this rebate. For a list of qualifying products, go to www.cee1.org/resid/seha/rwsh/rwsh-prod.pdf. Tiers 2 and 3A on this list qualifies for this rebate.

Product Code Rebate/Unit Measure
B15 High Efficiency Clothes Washer Level 1 ..\$35.00/Unit

Level 2 Rebate, qualifying clothes washers must have a MEF\* of 1.80 or greater and a WF\*\* of 5.5 or less. Not all ENERGY STAR clothes washers qualify for this rebate. For a list of qualifying products, go to www.cee1.org/resid/seha/rwsh/rwsh-prod.pdf Tier 3B on this list qualifies for this rebate.

Product Code Rebate/Unit Measure
B16 High Efficiency Clothes Washer Level 2 ..\$75.00/Unit

HIGH EFFICIENCY DISHWASHERS

Must have either natural gas or electricity distributed to the installation address by PG&E.

Level 1 Rebate, qualifying dishwashers must have an EF\* of 0.62 to 0.67. Not all ENERGY STAR dishwashers qualify for this rebate. For a list of qualifying products go to www.energystar.gov

Product Code Rebate/Unit Measure
B19 High Efficiency Dishwasher Level 1 .....\$30.00/Unit

Level 2 Rebate, qualifying dishwashers must have an EF\* of 0.68 or greater. Not all ENERGY STAR dishwashers qualify for this rebate. For a list of qualifying products go to www.energystar.gov

Product Code Rebate/Unit Measure
B20 High Efficiency Dishwasher Level 2 .....\$50.00/Unit

\*Energy Factor (EF) is defined as the number of cycles per kWh of input power.

ENERGY STAR ROOM AIR CONDITIONER

Must have electricity distributed to the installation address by PG&E. Must be ENERGY STAR qualified. For a list of qualifying products go to www.energystar.gov

Product Code Rebate/Unit Measure
H169 ENERGY STAR Room Air Conditioner .....\$50.00/Unit

NATURAL GAS STORAGE WATER HEATER

Must have natural gas distributed to the installation address by PG&E. Instantaneous and tankless water heaters do not qualify for this rebate. High efficiency gas storage water heaters must have an Energy Factor (EF) of 0.62 or greater. The water heater must be 30 gallons or greater. Look for the EF rating on the water heater specification sheet or on the packaging box; it does not always appear on the water heater label itself. For a list of qualifying products go to www.mktg.phpwebhosting.com/gama

Product Code Rebate/Unit Measure
H156 Natural Gas Storage Water Heater .....\$30.00/Unit

ELECTRIC STORAGE WATER HEATER

Must have electricity distributed to the installation address by PG&E. Instantaneous and tankless water heaters do not qualify for this rebate. High efficiency electric storage water heaters must have an Energy Factor (EF) of 0.93 or greater. The water heater must be 30 gallons or greater. Look for the EF rating on the water heater specification sheet or on the packaging box; it does not always appear on the water heater label itself. For a list of qualifying products go to www.pge.com/res/rebates

Product Code Rebate/Unit Measure
H154 Electric Storage Water Heater .....\$30.00/Unit

\*Modified Energy Factor (MEF) measures energy consumption of the total laundry cycle (washing and drying). It indicates how many cubic feet of laundry can be washed and dried with one kWh of electricity; the higher the number, the greater the efficiency.

\*\*Water Factor (WF) represents the number of gallons of water needed for each cubic foot of laundry. The lower number indicates lower consumption and more efficient use of water.

For more information, call the Smarter Energy Line at (800) 933-9555 or visit www.pge.com/res/rebates.

# c • a • t • a • l • o • g

## HEATING AND COOLING (HVAC)

**Carefully read the specifications below to determine that you are installing a qualifying product(s).**

### **DUCTED EVAPORATIVE COOLING SYSTEM LEVEL 1 AND LEVEL 2**

Must have electricity distributed to the installation address by PG&E. This rebate does not apply to portable or window-mounted evaporative coolers. These central cooler must:

1. Be permanently installed, move at least 2,500 cubic feet of air per minute (CFM) at 0.1 inches static pressure,
2. Come from the manufacturer with a cellular, rigid media or equivalent media, certified by the manufacturer to achieve an evaporative effectiveness of:
  - a) 0.85 or better for Level 1 ducted evaporative cooling system, or
  - b) 0.95 or better overall system efficiency for the Level 2 ducted evaporative cooling system
3. Have at least two (2) fan speeds and operate with the media wet or dry,
4. Have UL recognized electrical components,
5. Come with a water quality management system that provides positive removal of sump water on a regular interval (a bleed system is not allowed),
6. Have a single ducted or multi-ducted distribution system, and
7. Have either :
  - a) A multi-function manual control switch, which offers high and low fan speed, pump on or off & the unit control for on or off. When a multi-function manual control switch is used, pressure relief dampers are not required. If a new multi-function manual control switch is purchased separately from the new single or two stage evaporative cooler, it must be indicated on your proof of purchase,
  - OR**
  - b) A thermostat specifically designed for evaporative coolers, which automatically controls the unit operation based on the indoor temperature, controls high and low fan speed and pump on and off operation. The automatic thermostat must be mounted remotely from the cooler, and
8. When an automatic thermostat is used, new pressure relief dampers, which can also qualify for an added rebate when they are installed with a new Level 1 or Level 2 ducted evaporative cooler, must be installed.

Follow manufacturers and all applicable building code requirements for construction and venting. If new pressure relief dampers are installed, they must be indicated on your proof of purchase. For a list of qualifying products go to [www.pge.com/res/rebates](http://www.pge.com/res/rebates)

<b>Product Code</b>	<b>Rebate/Unit Measure</b>
<b>H170</b> Level 1 Ducted Evaporative Cooler .....	<b>\$300.00/Unit</b>
<b>H171</b> Level 1 Ducted Evaporative Cooler with New Pressure Relief Damper(s) .....	<b>\$400.00/Unit</b>
<b>H172</b> Level 2 Ducted Evaporative Cooler .....	<b>\$500.00/Unit</b>
<b>H173</b> Level 2 Ducted Evaporative Cooler with New Pressure Relief .....	<b>\$600.00/Unit</b>

### **WHOLE HOUSE FAN**

Must have electricity distributed to the installation address by PG&E. There is one rebate per installation address regardless of the number of units installed. Whole house fans must move 1,000 cubic feet of air per minute (CFM) or more and be permanently installed (connected to the framing) to be eligible for rebate. Consult manufacturer's specifications to determine the proper size fan prior to purchase. Whole house fans are usually installed in your home by attaching the fan to the ceiling joists in a central hallway. The fan exhausts air from the living space into the attic, so it is important to make sure there is adequate attic ventilation to allow the air to easily escape. It is recommended that louvers between the living space and the attic create a tight air seal. An insulated louver cover should also be purchased for use in the winter. For a list of qualifying products go to [www.pge.com/res/rebates](http://www.pge.com/res/rebates)

<b>Product Code</b>	<b>Rebate/Unit Measure</b>
<b>H187</b> Whole House Fan) .....	<b>\$100.00/Unit</b>

### **90 AFUE CENTRAL NATURAL GAS FURNACE**

Must have natural gas distributed to the installation address by PG&E. The central natural gas furnace must have a rating of 90% Annual Fuel Utilization Efficiency (AFUE) or greater. For a list of qualifying products go to [mctg.phpwebhosting.com/gama](http://mctg.phpwebhosting.com/gama)

<b>Product Code</b>	<b>Rebate/Unit Measure</b>
<b>H162</b> 90 AFUE Central Natural Gas Furnace ..	<b>\$200.00/Unit</b>

### **92 AFUE CENTRAL NATURAL GAS FURNACE**

Must have natural gas distributed to the installation address by PG&E. The central natural gas furnace must have a rating of 92% Annual Fuel Utilization Efficiency (AFUE) or greater. For a list of qualifying products go to [mctg.phpwebhosting.com/gama](http://mctg.phpwebhosting.com/gama)

<b>Product Code</b>	<b>Rebate/Unit Measure</b>
<b>H185</b> 92 AFUE Central Natural Gas Furnace ..	<b>\$300.00/Unit</b>

### **94 AFUE CENTRAL NATURAL GAS FURNACE**

Must have natural gas distributed to the installation address by PG&E. The central natural gas furnace must have a rating of 94% Annual Fuel Utilization Efficiency (AFUE) or greater. For a list of qualifying products go to [mctg.phpwebhosting.com/gama](http://mctg.phpwebhosting.com/gama)

<b>Product Code</b>	<b>Rebate/Unit Measure</b>
<b>H186</b> 94 AFUE Central Natural Gas Furnace ..	<b>\$400.00/Unit</b>

### **VARIABLE SPEED MOTOR (VSM) AIR HANDLER SYSTEM Restricted to Climate Zones 11, 12 and 13.**

Must have electricity distributed to the installation address by PG&E. Must have this VSM installed in conjunction with a NEW air conditioner or heat pump. Purchase and install a VSM or other advanced technology motor specification for efficient air handlers installed with any air conditioning or heat pump, split or package air handler system. When installed in conjunction with a new furnace, the furnace must meet the federal minimum standard of 78 Annual Fuel Utilization Efficiency (AFUE).

<b>Product Code</b>	<b>Rebate/Unit Measure</b>
<b>H182</b> Variable Speed Motor (VSM) Air handler System .....	<b>\$50.00/Unit</b>

For more information, call the Smarter Energy Line at (800) 933-9555 or visit [www.pge.com/res/rebates](http://www.pge.com/res/rebates).

Energy Efficiency Rebates for Your Home

c.a.t.a.l.o.g

POOL FILTRATION PUMPS AND MOTORS

Carefully read the specifications below to determine that you are installing a qualifying product(s).

EFFICIENT SINGLE SPEED POOL FILTRATION PUMP AND MOTOR

Must be a PG&E electric customer. All pumps and motors must be new. Follow all manufacturer installation requirements. Equipment and materials must meet or exceed all applicable local, state and federal standards. Rebates are for qualifying pumps and motors installed on new or existing inground pools only. Aboveground pool, pond, pool cleaner/booster, spa, and water feature pumps do not qualify.

Replace an existing single-speed pump and motor with a qualifying high efficiency single-speed pump and motor. For single-speed pumps and motors greater than 1 horsepower (HP)\*, a minimum of 1/2 HP reduction is required from the old pump and motor to the new pump and motor.

For pumps 1 HP or less, a minimum of 1/4 HP reduction is required and pumps less than or equal to 3/4 HP have no HP reduction requirements. For a list of qualifying products go to www.pge.com/res/rebates

Product Code P100 Efficient Single Speed Pool Pump and Motor..\$30.00/Unit

EFFICIENT TWO-SPEED POOL FILTRATION PUMP AND MOTOR WITH AUTOMATIC CONTROLLER

Must be a PG&E electric customer. All pumps and motors must be new. Follow all manufacturer installation requirements. Equipment and materials must meet or exceed all applicable local, state and federal standards. Rebates are for qualifying pumps and motors installed on new or existing inground pools only. Aboveground pool, pond, pool cleaner/booster, spa, and water feature pumps do not qualify.

\*Horsepower (HP), as used throughout this document, is defined as the product of the motor nameplate horsepower multiplied by the motor service.

Replace an existing single-speed pump and motor with a two-speed pump and motor or motor only equal horsepower (HP)\* or lower. NOTE: If motor is to be replaced with a two-speed motor of lesser HP, be sure to match the HP of the pump impeller with the HP of the new motor.

In addition, an automatic control system capable of controlling both high and low speeds must be installed. Manual control systems are not eligible. For a list of qualifying products go to www.pge.com/res/rebates

Product Code P102 Efficient Two-Speed Pool Pump and Motor ..\$100.00/Unit
P104 Efficient Two-Speed Pool Pump Motor .....\$100.00/Unit

EFFICIENT VARIABLE SPEED POOL FILTRATION PUMP AND MOTOR

Must be a PG&E electric customer. All pumps and motors must be new. Follow all manufacturer installation requirements. Equipment and materials must meet or exceed all applicable local, state and federal standards. Rebates are for qualifying pumps and motors installed on new or existing inground pools only. Aboveground pool, pond, pool cleaner/booster, spa, and water feature pumps do not qualify.

Replace an existing single-speed pump and motor with a variable speed pump and motor or motor only of equal horsepower (HP)\* or lower. For a list of qualifying products, go to www.pge.com/res/rebates

Product Code P107 Efficient Variable Speed Pool Pump and Motor .....\$100.00/Unit
P108 Efficient Variable Speed Pool Pump Motor .....\$100.00/Unit
