About this Application

Pacific Gas and Electric Company (PG&E) offers rebates on hundreds of energy-efficient products and improvements for your home. When you purchase and install these products, you can save energy and money while reducing your impact on the environment. To apply for a rebate, simply follow the steps outlined below.

Note: This application covers products installed at ONE Installation Address. If you are applying for rebates for more than one Installation Address, please use separate applications.

How to Apply

1. **Read** the Terms and Conditions in Section 6 to determine if you are eligible for a rebate.
2. **Locate** the item(s) you are applying for in the Residential Rebate Catalog (www.pge.com/rebates). Be sure to review the important qualification information.
3. **Purchase and Install** the product(s) in your home between January 1, 2010 and December 31, 2012.
4. **Complete** the application, making sure to fill out all the required sections in detail. Please note the following:
 - **Section 1:** Include Contact Name and Mailing Address if different from Account Holder Name and Installation Address.
 - **Section 3:** Refer to the Residential Rebate Catalog to determine the Rebate Code for the product you purchased. For some products, more than one rebate level is offered. Make sure you select the correct level for your product. Please note that this section continues on page 5.
 - **Section 4:** If your rebate check is to be paid to a contractor, landlord or a party other than the PG&E Account Holder, this section **MUST** be completed and signed.
 - **Section 5:** Make sure you sign the application. Unsigned applications will not be processed.
5. **Submit** your completed rebate application (along with the proof of purchase documents listed in the "What's Required" section on page 2) within 90 days of the purchase of your new item(s). Please do not staple receipts or attachments to the rebate application.
6. **Review** the checklist and make copies for your records.

Completed forms and required documentation with proof of purchase should be sent to:

**PG&E Residential Rebates
Integrated Processing Center
P.O. Box 7265
San Francisco, CA 94120-7265**

What's Next

Applications will be handled on a first-come, first-served basis until program funds are depleted.

To check on the status of your application, please sign up for "My Account" at www.pge.com/myaccount or contact the **Smarter Energy Line** at **1-800-933-9555**.

What's Required

1. Proof of Purchase - Retail Product Receipt/Invoice

Proof of purchase and supporting documentation should be legible and submitted with your application within 90 days of purchase date. It must include the following information:

- a. Retailer/Contractor name, address, and phone number.
- b. Itemized listing of each product including quantity, product description, manufacturer, model number, or other identifying information (e.g. SKU #). This must match the requested product information listed on your application.
- c. Purchase price per product.
- d. Date "Paid in Full," or payment terms. Please provide proof of payment or payment terms by submitting: an invoice showing a balance due of \$0, "Paid in Full" stamp, a copy of a cashed check (both sides), credit card statement or finance agreement.
- e. Product installation date.
- f. For insulation rebates only:
 - The square footage installed must be clearly listed on the receipt/invoice.
 - The original R-value and the final R-value must be listed on your receipt/invoice. This cannot be handwritten unless signed by the contractor.

Read the product specifications included in the Residential Rebate Catalog to make sure all requirements are met.

2. Home Improvement Contract (HIC)

Depending on your energy-efficiency project, you may need to submit a Home Improvement Contract (HIC) to PG&E, along with your proof of purchase.

- a. The California State License Board (CSLB) requires that licensed contractors provide you with an HIC if the total cost of materials and labor is \$500 or more. It is recommended that you request an HIC from your contractor even if the contractor's product and installation costs are less than \$500.
- b. If an HIC is your proof of purchase, your contractor must provide this to you, and it must be signed and dated by you and your licensed contractor.
- c. If the signatures are not dated, the date that the HIC was written will determine the product order/purchase date.

For additional information on HIC or the status of your contractor's license, visit www.cslb.ca.gov or call the CSLB at **1-800-321-CSLB**.

Mail completed forms and required documentation with proof of purchase to:
**PG&E
Residential Rebates
Integrated
Processing Center
P.O. Box 7265
San Francisco, CA
94120-7265**

Checklist

Here's a quick checklist to make sure you've done everything you need to apply:

- Completed all required sections of Residential Rebate Application.
- Signed Application.
- Verified that all required proof of purchase information is listed on invoice or receipt.
- Included proof of purchase with the Application according to the details listed above.
- Made copies of all documentation for your records.

Date Submitted* _____

Thank you for applying for a rebate. If you need assistance, please contact the PG&E **Smarter Energy Line** at **1-800-933-9555**.

* A rebate check for qualifying product(s) is generally mailed 6 to 8 weeks after PG&E receives a completed application including all required documentation. Please see Terms and Conditions. Sign up for "My Account" to check the status online at www.pge.com/myaccount.

Section 6 - Terms and Conditions

1. To be eligible for a rebate I understand that I must be a customer of Pacific Gas and Electric Company (PG&E) with an active meter serviced by PG&E. I understand that if I am installing products at more than one residence, I must complete a separate application for each individual address and Service ID #. All uses herein of the words "install," "installation," or similar phrases shall mean complete installation such that the subject products are fully functional and operational.
2. I understand the program term is January 1, 2010 through December 31, 2012 (the "Program Term"). Qualifying new products purchased and installed within the Program Term may be eligible for a rebate. Program offerings and rebate amounts may change during the Program Term. Resale products, rebuilt, rented, received from warranty or insurance claims, exchanged, won as a prize, or new parts installed in existing products, do not qualify. The Program may be modified or terminated without prior notice, and payments are subject to the availability of Program funding. To be eligible for a rebate, applications with required documentation must be received by PG&E's Integrated Processing Center (IPC) postmarked no later than 60 calendar days following the expiration of the Program Term. For products with the same energy efficiency specification(s) at the same rebate level(s) continuing from the prior program year, applications with the required documentation may be eligible for a rebate depending on the date received by PG&E's IPC and fund availability. For products purchased in 2009 with the same energy efficiency specification(s) at the same rebate level(s) continuing from 2009, applications with the required documentation may be eligible for a rebate per program terms and conditions.
3. I understand that this signed and dated "2010-2012 Residential Rebate Application," completed "Rebate Product Information" incorporated herein by this reference, all appropriate proof(s) of purchase information, and other required documentation as referenced in this application must be received by PG&E's IPC to be considered eligible for payment of a rebate. Unless an application is selected for verification, a rebate check for qualifying product(s) is generally mailed 6 to 8 weeks after PG&E receives a completed application including all required documentation. An incomplete application cannot be processed for payment.
4. I will allow, if requested, a representative from PG&E, the California Public Utilities Commission (CPUC), or any authorized third party reasonable access to my property to verify the installed product I have purchased before a rebate is paid. I understand that a rebate will not be paid if I refuse to participate in any required verification. The verification of installation must be scheduled within 30 days of customer contact by PG&E. I understand that PG&E may contact the qualifying product vendor and/or installer, if needed, to verify purchase and/or installation and may provide my name and/or address to complete this verification.
5. I have installed a qualifying product(s) and understand that the energy-efficiency eligibility requirements for each stated product (as defined in the Catalog) determines the rebate amount. The rebate amount cannot exceed the purchase price.
6. I have installed a qualifying new product(s) in accordance with all applicable federal, state, and local laws, building codes, and manufacturer's specifications.
7. I understand that I cannot receive a rebate for the same product or equipment from more than one California investor-owned utility or third party energy-efficiency program offering rebates, financing or other rebates funded with CPUC Public Goods Charge funds. Products discounted by PG&E at the point of sale are not eligible for additional rebates.
8. THE UTILITY MAKES NO REPRESENTATION OR WARRANTY, AND ASSUMES NO LIABILITY WITH RESPECT TO QUALITY, SAFETY, PERFORMANCE, OR OTHER ASPECT OF ANY DESIGN, SYSTEM OR APPLIANCE INSTALLED PURSUANT TO THIS AGREEMENT, AND EXPRESSLY DISCLAIMS ANY SUCH REPRESENTATION, WARRANTY OR LIABILITY. I AGREE TO INDEMNIFY PACIFIC GAS & ELECTRIC COMPANY, ITS AFFILIATES, SUBSIDIARIES, PARENT COMPANY, OFFICERS, DIRECTORS, AGENTS, AND EMPLOYEES AGAINST ALL LOSS, DAMAGE, EXPENSE, FEES, COSTS AND LIABILITY ARISING FROM ANY MEASURES INSTALLED.
9. If a tenant, I am responsible for obtaining the property owner's permission to install the product for which I am applying for a rebate payment. My signature on this application indicates I have obtained this permission.
10. I understand that PG&E is not responsible for items lost or destroyed in transit through the mail or electronic medium. Original applications will become the property of PG&E.

PG&E has many programs to help you reduce your energy use, save money and help save the environment:

Rebates

We offer rebates on hundreds of energy-efficient products and improvements for your home. www.pge.com/rebates

Appliance Recycling

Recycle your old working refrigerator or freezer and get \$35 from PG&E. www.appliancerecycling.com/pge

California Solar Initiative

Going solar may help you reduce your monthly energy costs. Incentives available. www.pge.com/solar
